Subject: Microsoft Settlement

I urge you to REJECT the proposed Microsoft anti-trust settlement.

The proposed settlement will NOT, "provide a prompt, certain and effective remedy for consumers by imposing injunctive relief to halt continuance and prevent recurrence of the violations of the Sherman Act by Microsoft that were upheld by the Court of Appeals and restore competitive conditions to the market," as it states. It provides inadequate relief to consumers and victims of Microsoft's monopolistic behavior, and virtually no oversight or encumbrance on Microsoft to prevent its continued anti-competitive practices in the future.
